Finely Crafted Custom Homes

December 29, 1998

Olyana Magic Plaster  
217 E. Harrison  
Maumee, OH 43537

Dear Sir and/or Madam:

It has been the pleasure of Macek Custom Builders to have worked with Olyana Magic Plaster and its owner Aleksey Synchronenko for the past five years. Most recently the artistry of Olyana Magic Plaster was showcased to over 20,000 visitors in our Award Winning Fall 1998 Parade of Homes. The response to Aleksey's work was overwhelming.

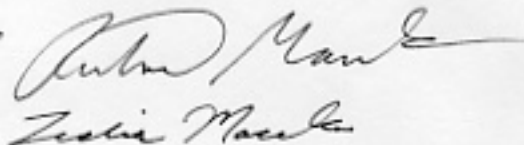

Olyana Magic Plaster is a unique firm that specializes in hand fabricating new work and restoring old ornamental architectural elements from plaster. The process is the same as used in Europe the past 500 years. It is a craft that requires extensive fine arts training in classical architecture and years of apprenticeship designing, sculpting and assembling beautiful architectural details.

In order for Olyana Magic Plaster to take advantage of the demand for its services, the company needs additional highly trained craftsman not readily available in this country.

Presently this lack of personnel prevents the company from competing for larger projects such as the restoration of grand old public buildings, theaters and museums.

Any help getting these craftsman will greatly benefit both our community and this firm.

Respectfully,

Richard Macek and  
Leslie Macek, Partners

Lincoln, Nebraska 68541-7140

Dear Sir or Madame:

Macek Custom Builders has worked with Olyana Magic Plaster, Inc. and its owner Aleksey Syrnichenko for the past eight years. Included among the many projects are a national recognized Parade of Homes winner and a number of large elegant luxury homes. Olyana Magic Plaster's beautiful neoclassical moldings were instrumental in establishing the warm rich elegance of these homes.

But in order for Mr. Syrnichenko to compete for larger restoration projects of churches, museums and old public buildings he must hire more classically trained designers and craftsmen.

Any help in getting these personnel would greatly help Olyana Magic Plaster, Inc. and our community.

Respectfully,

Richard and Leslie Macek, Partners
